Spider-Man

Design Size: 200w X 300h Stitches
78 DMC Colors

Chart Instructions:

Fabric

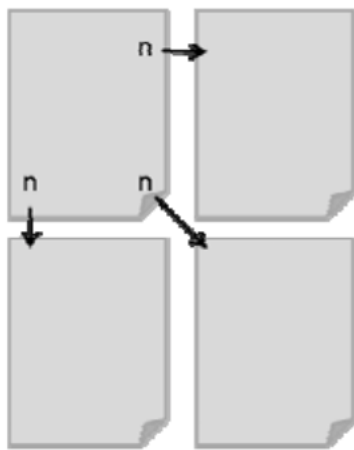

You may choose to stitch on any fabric you prefer. Keep in mind that fabric count size reflects on your finished design size.

Make sure you have the proper margins before starting and that the fabric piece is of the correct size. I recommend buying a piece of fabric equal to the design size plus 2 inches (5 cm) on each size. This way there will be enough fabric for framing.

Stitches

Use two out of six strands for all stitches. This pattern can be used for cross stitch or continental stitch (half stitch), whatever you prefer. No backstitches in this pattern.

Chart

The pattern pages are numbered from left to right and then downwards:

- In the upper left corner is the page number.
- In the upper right corner of each pattern page is the number of the next page to the right.
- In the lower left corner is the number of the page below.
- In the lower right corner is the number of the page below to the right.

The shaded blocks on the chart represent overlapping stitches.

This chart may be printed or you can cross stitch using your computer / tablet. There are several youtube tutorials on how to cross stitch using Adobe Reader.

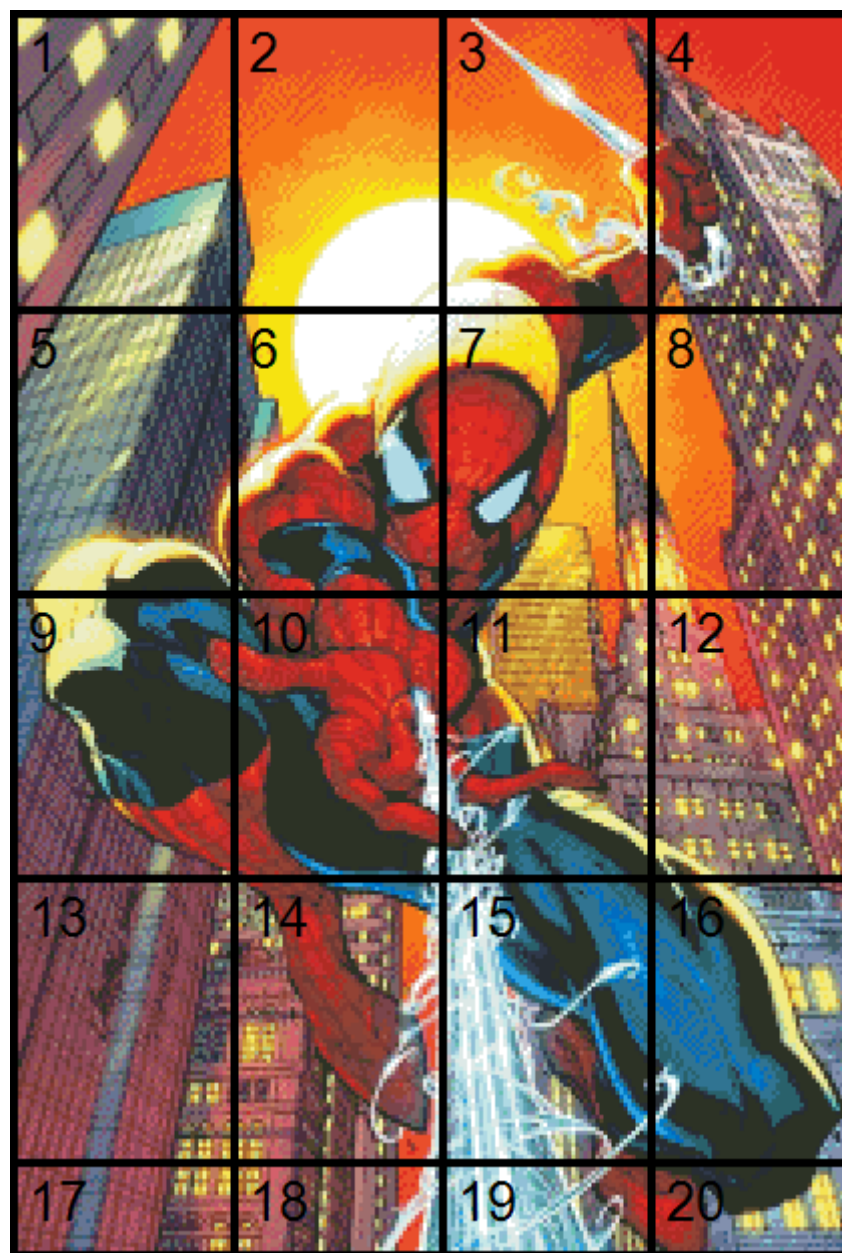

Floss Usage

Floss usage given in this pattern is for 18 count in 2 strands cross stitch with 35% extra. But I can also provide floss usage for another fabric count. You may send me a message and request it.

If you have any other questions regarding this chart, please feel free to contact me.

The figure displays a 10x10 grid of 100 small square plots, each showing a different pattern of black and white pixels. The plots are arranged in a 10x10 grid, with columns labeled 10, 20, 30, 40, and 50 at the top, and rows labeled 280, 290, and 300 on the left. The patterns vary significantly, showing various geometric shapes, textures, and abstract designs.
